

FINDERR Beta - Quick Test Guide

v4.3.2+283 | beta@finderr.untrapd.com

JOIN THE BETA

1. Open on your phone: <https://play.google.com/apps/testing/com.finderr.app>
2. Tap "**Become a tester**" (REQUIRED for your test to count)
3. After accepting, tap the **install link** shown on the same page
4. Open the app and sign in with Google

Web Dashboard: <https://hub.untrapd.com/apps/finderr>

SMS COMMANDS

Action	Send SMS
Activate	FINDERR_ON
Deactivate	FINDERR_OFF

Send from another phone to the phone with FINDERR installed.

8 KEY TESTS

#	Test	How	Expected
1	SMS Activate	Send <code>FINDERR_ON</code> while phone locked	Lockscreen changes to emergency wallpaper + QR code
2	SMS Deactivate	Send <code>FINDERR_OFF</code>	Original wallpaper restored
3	Web Activate	Click "Activate Emergency" on dashboard	Dashboard shows active, phone syncs in ~30s
4	Web Deactivate	Click "Deactivate Emergency" on dashboard	Dashboard shows inactive, phone restores in ~30s

#	Test	How	Expected
5	Cross-Sync	Activate via SMS, deactivate via Web	Both platforms stay in sync
6	Reboot	Restart phone while emergency active	Emergency wallpaper persists after reboot
7	QR Code	Scan QR on lockscreen with another phone	Opens help page for finder
8	Duplicates	Send <code>FINDERR_ON</code> twice, then <code>FINDERR_OFF</code> twice	No crashes

REPORT BUGS

```
Device: [model], Android [version]
Issue: [what happened]
Steps: [how to reproduce]
Expected vs Actual: [what should vs did happen]
```

Email: beta@finderr.untrapd.com (URGENT in subject for critical bugs)

IMPORTANT

- Grant ALL permissions when asked
